Where international, state, and county boundaries coincide, the map shows the boundary symbol for the highest level of those boundaries.	
1 A "—" following a place name indicates that the place is also a <i>falsa MCD</i> ; the false MCD name is not shown.	
2 In 1990, the census-of-population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps indicating a census-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the black.	
3 A "•" following a block number indicates that the block number is repeated in the block.
